

Seed Count S-60

Seed counter with highest speed and precision.

The Seed Count S-60 quickly and accurately counts seeds as small as 1 mm up to 25 mm with a speed of up to 200 seeds per second! This technology allows seed breeders and agricultural research institutes to count huge quantities of seeds with an unprecedented accuracy rate of nearly 100 %! With its comfortable touch panel the S-60 provides a user friendly easy to operate system. This model can be upgraded into an automatic filling machine.

Features:

- Precisely counts seeds of all shapes, from 1 to 25 mm in size
- Rapidly counts large quantities in minimal time, eg. 7,000 wheat seeds per minute
- Counts a pre-set number of seeds
- Can be integrated in an automatic filling machine
- Operation by touch panel
- Fast emptying

Your benefits summed up:

- Delivers nearly 100 % accuracy
- Saves time and money
- Significantly more profitable than scale-reliant packaging
- Controls stock through precise rather than estimated counts
- Simple to operate, with a user-friendly interface
- Low maintenance and easy to clean

Average counting speed capabilities (in seconds)

Quantity Seed type	50 seeds	100 seeds	200 seeds	1000 seeds
Corn	3	5	7	25
Wheat / Rice	2	3	5	10
Canola	2	3	5	7

Technical data

Electricity	115 - 240 VAC 50/60 Hz single phase
Rating	1 A
Compressed air	0.1 Bar (continuously during operation)
Dimensions (W x D x H)	710 x 470 x 860 mm
Hopper size	6,000 cc, 6 liter
Weight	52 kg
